

CHLOROPHYLL

Go extra green with Liquid Chlorophyll ES. This Extra Strength paraben free formula features a more potent level of chlorophyll—the green pigment in plants responsible for harvesting the sun’s energy in photosynthesis. Known to support your body on both a molecular and cellular level, chlorophyll promotes circulatory, intestinal, digestive and immune health. Featuring a proprietary chlorophyll complex, this minty fresh formula also helps neutralize body odors and acts as a natural, “internal” deodorant. Boost your energy and overall well-being today with Liquid Chlorophyll ES
